these essays are based on the view that every form of life contains its separate ideal in other words that in all departments of it there is a something better than we have yet seen or reached and they are a search for that ideal the best thing about our universe is that it is an unfinished one and that we in our several positions are called in as co workers in the finishing of it in business in politics in our social systems in religion as it exists in our forms and beliefs there is a something yet to be attained an eternal progress which we are to help in realizing we can never do our best work except in fidelity not only to what is but to what is yet to be the topics discussed are various as life is various but they will be found to be united in this common conception

in this highly original book victor kestenbaum calls into question the oft repeated assumption that john dewey's pragmatism has no place for the transcendent kestenbaum demonstrates that far from ignoring the transcendent ideal dewey's works on education ethics art and religion are in fact shaped by the tension between the natural and the transcendent kestenbaum argues that to dewey the pragmatic struggle for ideal meaning occurs at the frontier of the visible and the invisible the tangible and the intangible penetrating analyses of dewey's early and later writings as well as comparisons with the works of hans georg gadamer michael oakeshott and wallace stevens shed new light on why dewey regarded the human being's relationship to the ideal as the most far reaching question of philosophy for dewey the pragmatic struggle for the good life required a willingness to surrender the actual experienced good for a possible ideal good dewey's pragmatism helps us to understand the place of the transcendent ideal in a world of action and practice
